Supporting your firm's priorities within the private capital industry

UK Private Capital (formerly the British Private Equity and Venture Capital Association - BVCA) is the voice of private capital in the UK. We are a platform for over 600 member organisations, including 250 fund managers and 100 investors. Our whole membership includes over 16,000 individuals within the UK private equity and venture capital community.

Our events play a crucial role in creating a community for our members to network, forge new connections and share best practice and thought leadership. Sponsoring a UK Private Capital event will put your brand at the heart of the private capital community and support the success and impact of the industry.

Our calendar of events ranges from large conferences, dinners and receptions to bespoke targeted roundtables, which bring the entire private capital ecosystem together, shaped and developed in partnership with our sponsors.

In 2026, our programme of flagship events will bring together thousands of industry professionals spanning job levels, functions and profiles.

Summit events

Day one

UK Pensions Investment Summit

 9 September

This half-day conference brings together representatives of the venture capital and growth equity industries, with representatives of the UK pensions sector to consider how private capital can help drive better retirement outcomes.

Day one

LP-GP Summit

 9 September

Building on the former LP Summit, this event covers the key topics currently top-of-mind for institutional investors. Shaped by our LP Forum and leading voices from across the LP community, it offers a focused platform exploring investors' perspectives on investment trends and strategies.

For the first time, a limited number of GPs will have the opportunity to attend.

Day one

LP-GP Summit Dinner

 9 September

This unique dinner provides an intimate setting for one-on-one networking among senior institutional investors, and private capital fund managers.

The event provides a valuable opportunity for attendees to reconnect with contacts, forge new connections, and hear insights from senior industry leaders.

Day two

Summit Main Conference

 10 September

The Main Conference, the Summit's flagship event, unites the private capital ecosystem. It explores strategies and trends driving industry transformation and supporting over 13,000 businesses in the UK and globally.

It provides delegates with the latest cutting-edge industry insights and data, peer-to-peer debate and unrivalled networking opportunities.

New Nationwide Invest Series

Forums and receptions

In a clear signal of change and evolution from the past, UK Private Capital dinners will no longer feature in the annual event calendar. Instead, we will build on the Investment Forums that have taken place in 2025 and introduce high quality receptions attracting a broad community. Together the forums and receptions will form one cohesive event in each city. These activities will be supported by the team's own nationwide engagement programme throughout the year in the nations and regions of the UK to deepen and widen relationships. A National Growth Industry Leaders Forum is also being introduced for GP members headquartered outside London, which will be chaired by Gary Tipper, Managing Partner of Palatine.

These events will bring together GPs investing in the nations and regions (whether based locally or elsewhere), LPs, politicians, portfolio companies and other local business and investment stakeholders. UK Private Capital will also invite companies to attend that are not backed by private capital.

Landmark Nationwide Events

Following UK Private Capital's highly successful refresh of the Summit, the emphasis will be on high quality landmark business and investment events, attracting a wide audience and making an impact that resonates beyond the events, creating must-attend fixtures in people's diaries for years to come. Food and drink will be served at the receptions.

The events will range in size, depending on the nation/region, and we expect, for example, Belfast to be the smallest with 100-150 attendees and Manchester to be the largest with 250 attendees over the course of the day. Events in the Nationwide Invest Series will take place in Belfast, Birmingham, Bristol, Edinburgh, Leeds & Manchester.

For sponsors, this series provides a valuable opportunity to demonstrate support for the private capital community across the UK, share thought leadership and expertise and connect with senior leaders from across our industry's ecosystem.

Nationwide Reports

UK Private Capital will publish Nations and Regions reports to amplify the national growth agenda that culminate with the events. The reports will feature investment activity, highlight key investments and include recommendations for national growth.
