Tom Carlyle
Investor Relations Director, Oakley Capital

"I've attended three UK Private Capital Roadshows across Asia and the Middle East, and each one has been a valuable experience.

"The events bring together a strong mix of regional LPs. I've come away from each Roadshow with new relationships and a clearer understanding of the issues that matter most to investors."

Michael Moore
Chief Executive, UK Private Capital

"International investors continue to play a vital role in backing private capital firms across Europe. Our International Investor Roadshows provide a unique opportunity for GPs to strengthen relationships with existing investors, meet prospective LPs and gain valuable insight into market trends across Asia, North America and the Middle East.

"I encourage firms looking to broaden their international reach and raise their profile in key fundraising markets to join us and make the most of these highly targeted opportunities."

Overview

Connecting global investors with European private capital

For over 15 years, UK Private Capital's International Investor Roadshows, also known as the European Investment Series, have connected institutional investors, investment consultants and European private capital fund managers across key international markets.

Why the Roadshows exist

The series creates focused opportunities for dialogue between LPs and GPs, helping investors explore the trends, strategies and opportunities shaping European private equity, venture capital and private credit. Delivered across Asia-Pacific, the Middle East and North America, the Roadshows highlight the continued strength, resilience and depth of European private capital.

Built around LP and GP engagement

For LPs and investment consultants, the events offer direct access to European private capital fund managers across a range of stages, strategies and specialisms, alongside market insight from across the asset class. Each event supports informed discussion on allocation priorities, regional dynamics, sector specialisation, fund performance and changing investor appetite.

For European GPs, the Roadshows provide a targeted way to build relationships with international investors, strengthen existing LP connections and raise visibility across important global markets.

A platform for connection and insight

Hosted by UK Private Capital in partnership with the UK's Department for Business, Innovation, Science and Trade, Office for Investment and supported by international partners and local industry associations, the series combines focused forums, curated one-to-one GP/LP meetings and exclusive networking receptions in each location.

Together, the International Investor Roadshows support practical discussion, international relationship-building and a deeper understanding of the role European private capital can play in global investment portfolios.

Department for Business, Innovation, Science and Trade

Office for Investment

"DBIST and the Office for Investment are proud to support UK Private Capital's International Investor Roadshows, which play a unique role in connecting leading UK and European private capital firms with institutional investors across key global markets, including Asia, the Middle East and North America. By bringing together GPs and LPs in the regions where capital is being deployed and allocated, the series fosters meaningful dialogue, deeper relationships and valuable market insights. We are delighted to support a programme that strengthens international connections and helps drive investment opportunities across the global private capital ecosystem."

Why attend?

Why should GPs attend?

Meet a targeted LP audience: Connect with institutional investors and investment consultants interested in European private capital.

Build relationships internationally: Strengthen existing LP relationships and develop new connections across Asia-Pacific, the Middle East and North America.

Take part in one-to-one meetings: Benefit from curated GP/LP meetings, subject to jurisdiction.

Gain market insight: Hear perspectives on LP priorities, allocation trends and opportunities across Europe.

Showcase your firm's expertise: Contribute to discussions on market resilience, specialisation, performance and sector opportunity.

Network with peers and partners: Join exclusive receptions with GPs, LPs, the UK's Department for Business, Innovation, Science and Trade and British High Commission representatives.

Raise visibility across the series: Engage investors across six LP-GP events in three cities on each Roadshow.

Why should LPs attend?

Meet leading European private capital managers: Connect with private equity, venture capital and private credit GPs from across Europe.

Explore European investment opportunities: Gain insight into the trends and opportunities shaping European private capital.

Compare strategies and specialisms: Hear perspectives on investment strategies, sector specialisation, regional focus and performance.

Take part in one-to-one meetings: Benefit from curated GP/LP meetings, subject to jurisdiction.

Build your network: Engage with GPs, fellow LPs, investment consultants and wider market participants.

Access the full series: Choose from six LP-GP events across three cities, delivered with UK Private Capital and the UK's Department for Business, Innovation, Science and Trade, and Office for Investment.

Free to attend: All events are complimentary for LPs to attend.

Jessica Rasmussen
General Partner & CEO,
Two Magnolias Venture Capital

"The greatest value of the Roadshows is the global connectivity they create, not just during the events themselves, but through the lasting relationships built with investors, the DBIST and Office for Investment teams, local ambassadors, and fellow fund managers around the world. Those connections endure long after each event, creating introductions, sharing market insights, and opening doors that simply wouldn't have opened otherwise."

Format - agenda & roundtables

Agenda

The Roadshow agenda brings together participating European GPs, international LPs, supporting partners and sponsors for a focused programme of presentations, fireside conversations and panel discussions.

Sessions combine perspectives from fund managers, institutional investors, family offices and industry specialists, covering:

- **The outlook for European venture capital, including emerging managers and specialist growth strategies**
- **Growth, value creation and exit opportunities across mid-market and large-cap private equity**
- **Secondaries, co-investment and the evolving role of LPs, alongside performance and global benchmarking**
- **Private credit and Europe's strengths in deep tech, frontier technologies, industrial innovation, biotechnology and healthcare**

Together, the programme provides a forum for practical insight, open exchange and informed debate, helping delegates understand changing investor priorities, compare approaches and identify opportunities across the European private capital landscape.

Roundtables

Taking place during each forum, the roundtables provide a focused opportunity for GP-LP dialogue, bringing investors and managers together for in-depth discussion on the latest outlook, trends and opportunities across European private capital. Recent roundtable topics have included:

- **Tech sovereignty: the new frontier for private capital**
  Exploring Europe's tech sovereignty ambitions, the role of private capital and the challenges shaping investment in critical and dual-use technologies.
- **European and global private capital: where is the industry headed?**
  Exploring future sources of alpha, liquidity and exit dynamics, and the balance between scale and specialisation in global private capital.
- **Investing in the European defence tech opportunity**
  Exploring investor appetite, market direction and the key challenges shaping capital allocation into European defence tech.
- **The AI window: a transatlantic investment dialogue**
  Exploring AI adoption across private capital, regulatory divergence across markets and the timing of allocations into the EU and UK landscape.

Format - networking receptions & 1:1 meetings

Networking receptions

Networking receptions are a core part of the Investor Roadshows, bringing European private capital fund managers together with institutional investors from Asia-Pacific, the Middle East and North America.

Held in each location, they provide an informal setting to build new relationships, strengthen existing connections and continue conversations beyond the main forum programme. Delegates gain direct access to decision-makers, supporting fundraising conversations and the exchange of investment perspectives.

Previous receptions have been hosted at embassies and ambassadors' residences in each city, providing a distinctive setting for international engagement and relationship-building.

1:1 meetings

To enhance these connections further, the programme also includes pre-arranged one-to-one meetings between European GPs and international LPs.

These targeted meetings connect fund managers directly with investors whose allocation strategies align with their specialist focus. The format creates space for more in-depth discussion than is typically possible in a broader networking setting.

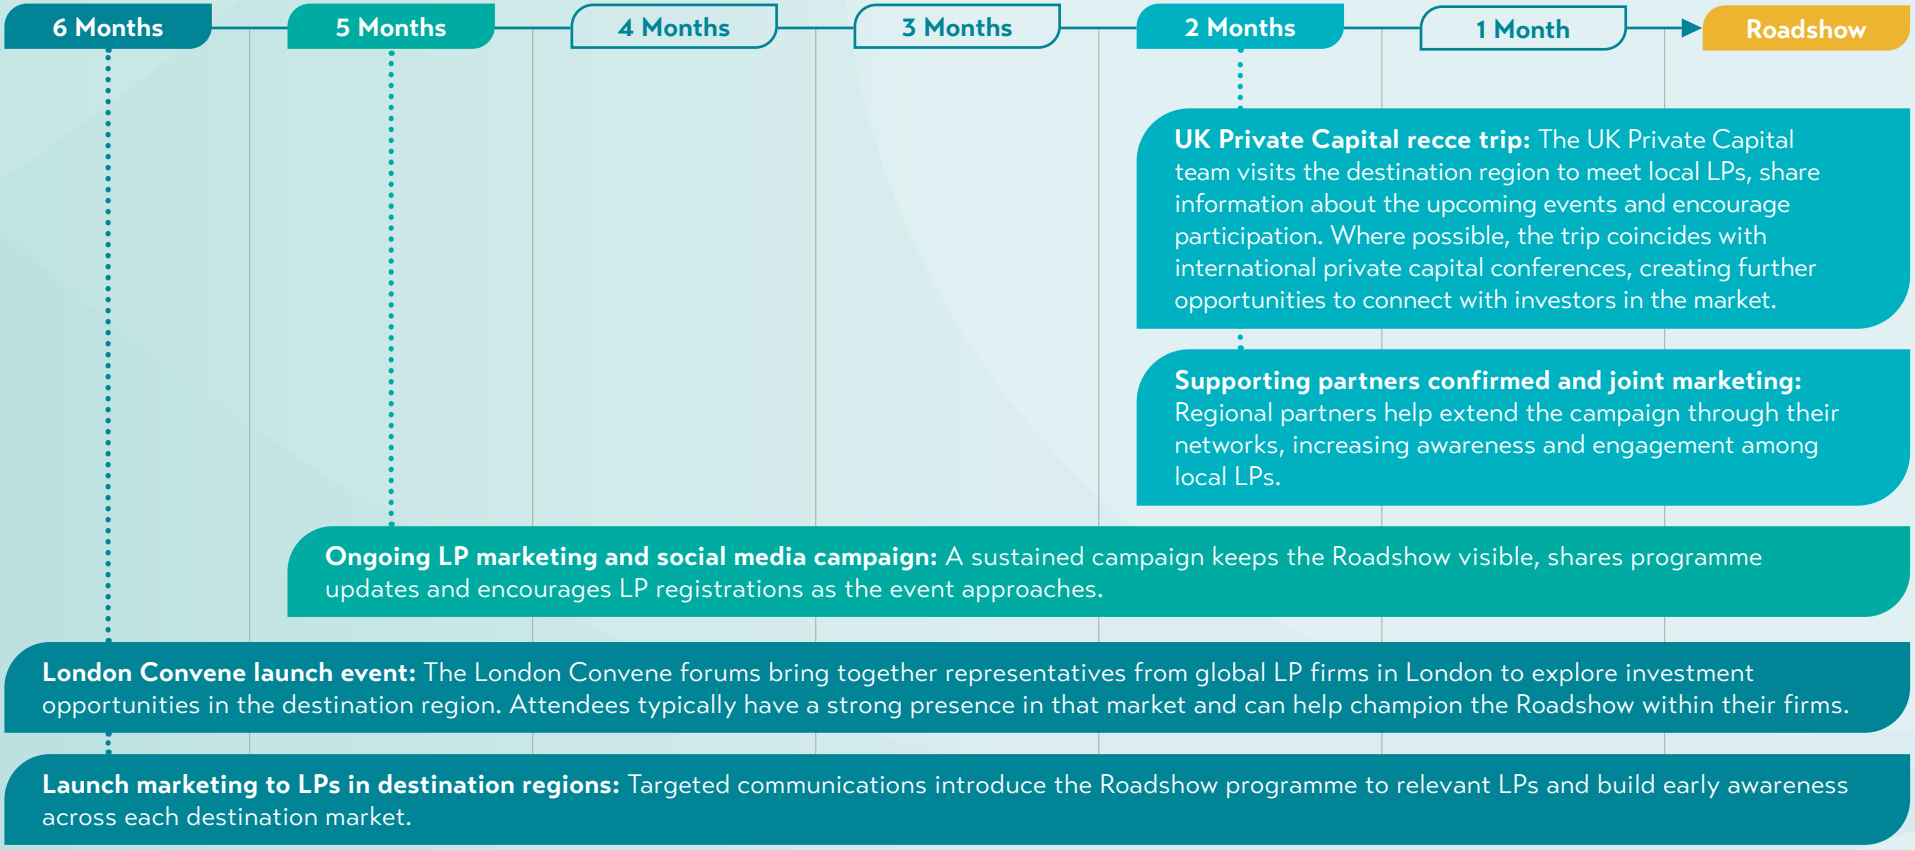

Together with the forums and receptions, the meetings help turn initial introductions into more meaningful conversations, supporting GPs seeking capital and LPs exploring differentiated investment opportunities.

All one-to-one meetings are subject to jurisdiction.

Year-round LP engagement

Our year-round LP engagement programme builds awareness and strengthens relationships ahead of each Roadshow. Beginning six months before the event, it combines London-based forums, targeted communications, regional outreach and partner-led marketing to connect with relevant investors and encourage participation.

GP feedback

Venture Capital

"Brilliantly organised, superbly co-ordinated and this year, the engagement with LPs was really telling."

Mid-Market

"The combination of panels, presentations and 1:1 meetings is perfect. The days are brilliantly structured to keep the momentum going and LPs interested. I cannot recommend these Roadshows highly enough."

Third-Party Fund Manager

"Congratulations on an excellent set of conferences. It was a really valuable learning experience for us, and the whole event was run so smoothly."

Venture Capital

"The trip was very useful and has resulted in a number of continuing conversations. The mix of arranged meetings and more casual interactions, both at the conference and the receptions, was effective."

Mid-Market

"Always grateful for these types of UK Private Capital events. We always get a good number of meetings, which do end up in follow-up."

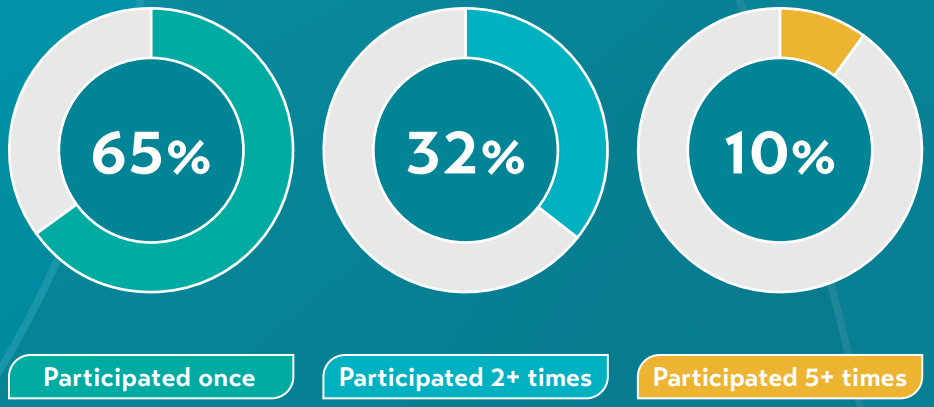

Venture Capital

"A fantastic event, I've had follow-ups already with great contacts made."

Third-Party Fund Manager

"We will definitely participate again."

Over **10 years** and **17 Roadshows** (2 virtual), **112 unique GP firms** have participated...

Sponsorship opportunities

Attendance at the International Investor Roadshows is open to LPs and GPs only. Professional services firms can participate exclusively as sponsors, gaining access to the Roadshow programme and its international audience.

Sponsorship provides professional services firms with a unique opportunity to demonstrate thought leadership through speaking opportunities at the half-day forums, attend exclusive evening receptions at local British Embassy Residences or High Commissions, and build connections with specialist European GPs and international LPs throughout the Roadshow.

Sponsors can support one or multiple cities within a Roadshow, with discounts available for firms sponsoring more than one city in a series. Packages are structured to provide greater value and exposure across multiple locations. Opportunities are offered on a first-come, first-served basis, with a maximum of two non-competing sponsors per Roadshow. Sponsors with a significant presence in a destination city can also contact Kyle Baker-Kemp to discuss hosting elements of the Roadshow in more detail.

Past sponsors

AON

British Business Bank

Clifford Chance

Sponsorship opportunities

Upcoming Roadshows

Asia Roadshow

24-26 November 2026

The destination cities include Singapore, Hong Kong and Tokyo.

North America Roadshow

W/c 8 March 2027

The destination cities include Toronto, Boston and New York.

Middle East Roadshow

2027

The destination cities are yet to be confirmed. Our most recent Middle East Roadshow visited Manama, Abu Dhabi and Dubai.

For further information about Roadshow sponsorship opportunities and package details, please contact Kyle Baker-Kemp, UK Private Capital's Commercial Sponsorship Manager, at:
✉ kbkemp@ukprivatecapital.co.uk.

Sponsor package – per city

An example sponsorship package may include the following benefits, subject to the location and format of each event:

- A prominent speaking opportunity at the forum or roundtable, such as moderating a forum session or hosting a roundtable. Formats may vary by location.
- Sponsor to receive three delegate passes for the forum.
- Sponsor branding featured across forum materials, including the website, promotional materials, communications and event branding.
- Sponsor to receive attendee list for all events one week in advance in accordance with UK Private Capital's Privacy Policy.
- Sponsor to receive three attendee passes to the UK Private Capital and UK Office for Investment/DBIST-hosted networking receptions held in the sponsored city. Branding opportunities are not available due to government restrictions.

International partners

We work with government bodies, industry associations and local partners to deliver the International Investor Roadshows across key international markets. These relationships help us connect European private capital fund managers with regional investors and create programmes that reflect the priorities of each location.

Government partners have included the UK Department for Business, Innovation, Science and Technology, the British High Commission Singapore and the Office for Investment. Alongside leading industry partners and associations in each region, they help champion European private capital, promote the Roadshows locally and help shape the event agenda.

British embassies and High Commissions also support the series by hosting Roadshow networking receptions, providing a distinctive setting for European fund managers and international investors to build relationships and continue conversations beyond the main forum programme.

International partners include:

British Consulate-General Hong Kong

British High Commission Singapore

Department for Business, Innovation, Science and Trade

ilpa Institutional Limited Partners Association

HKVCA Hong Kong Venture Capital and Private Equity Association — The Association for Private Capital in Asia

JVCA Japan Venture Capital Association

KVCA 한국벤처캐피탈협회

MEVCA Middle East Venture Capital Association

Office for Investment

SVCA Singapore Venture and Private Capital Association
