Wednesday, 9 September 2026

15:35

The evolution of private markets: Additional pools of capital?

Panel | Roundtable | Feedback sponsored by SS&C

Synopsis: As traditional institutional fundraising markets become increasingly competitive, private market firms are turning their attention to wealth management and retail channels as a significant source of future growth. This panel will bring together perspectives from across the industry to examine whether wealth is set to become the next major pool of capital for private markets and what the industry must do to unlock its full potential.

Moderator: Jamie Villiers, Senior Director, SS&C

Luke Mason, Principal, Private Equity, Neuberger

Anita Rana, Principal, Portfolio Management Group, Hamilton Lane

Philip Waller, Executive Director, Global Alternatives Solutions, JP Morgan

Matt Yates, Director, Client & Partner Group, KKR

16:20

The future of private markets: From secondary liquidity to scaled fund distribution

Fireside sponsored by London Stock Exchange Group

Synopsis: This fireside conversation will explore the evolving market infrastructure supporting private assets, from the rapid growth of secondary liquidity solutions to the emergence of new distribution models designed to scale access across investor segments.

Interviewer: Will Gow, Private Funds, Digital Securities Market, London Stock Exchange Group

Mark Hogg, Chief Executive Officer and Founder, Mere Plantations

Nilam Statham, Co-Head of Market Regulation & Head of Primary Market and AIM Regulation, London Stock Exchange Group

Wednesday, 9 September 2026
